2014 Calendar To-Do List Pad

The lightly gridded area on each page is a blank slate for everything from things to-do and grocery lists to capturing fleeting ideas with sketches and doodles.

The entire Calendar To-Do List Pad is printed in one color: 100% black on uncoated paper. The pad is bound along the top and is packaged in a sturdy archival box with a black ribbon attached to the bottom of the inside to assist the user in removing the pad. The box lid fits under the box base and can be used to store completed calendar pages. At the end of the year, all the pages can be shelved for archiving.

Each page is conveniently sized to be half of a standard 8.5 x 11 in. piece of paper (folded vertically). Therefore, additional documents collected throughout the year can also be archived in the storage box.

Featuring 365 unique drawings by Ryan McGinness.
